## The MagellanMusic Newsletter Winter 2010

Well! Now that the Holiday Season is over we can look forward to that long haul to a 3-day weekend for Memorial Day. That means it'll almost be Summer. That means the trick is to get some time off from work in early Spring. That means **Voyager** proposes a national holiday to be established in March called "My Day Dammit!" So to help bide the time during winter with great tunes and sounds, **MagellanMusic** has lowered their prices. They will remain low. **MagellanMusic** CD's are \$10 bucks, downloads are \$7 bucks, and each song priced below the average. They are available at [www.cdbaby.com/all/magellanmusic](http://www.cdbaby.com/all/magellanmusic), and the CD covers are provided with all full downloads. Always remember, great music never gets old!

More good news is that efforts continue with **MagellanMusic's** upcoming CD, possibly to be released this summer. It is said to be a collection of acoustic tracks that were recorded live at a remote location in-country, not an appearance at a public venue. All of us here at **Voyager** have tried to find more info about it but nothing to report just yet. So if it's true that an all-acoustic album will be their next, then it's sure to be a real pleasure. Long time **MM** fans already know that many of their acoustic songs are classics already, so when we have news to share we will.

The project of posting all **MagellanMusic** lyrics on their website is still underway. Listeners have joked with us many times about their unflinching ability to sound as though they're eating peanut butter sandwiches, but heck, peanut butter sandwiches are really good. Especially when laced with Lysergic Acid Diethylamide. No one knows who invented this conglomeration of strange chemicals that few can pronounce, but the suspect must remain nameless. Except his initials are D.E.R.E.K.S.T.O.R.Y. (*Sshhh! Don't tell anyone!*) As soon as the lyrics are posted the **Voyager** staff will announce it.

Perhaps the most impressive news in music was our discovery of a release called "**Haymans Green**". It is by former Beatles drummer **Pete Best**, and in the simplest terms, **Haymans Green** is a knock-out. We would nominate it for record of the year. His story is too well documented to repeat here, but the reality is that it was never expected of him to be an artist in his own right.

**Best** has spent considerable time eliminating the 'former Beatle' image by writing a book, re-establishing relations with old Hamburg friends, producing a top notch DVD, numerous appearances on television and radio in many parts of the world, even turning parts of his home into a museum, encouraging the city to establish it as an historical marker, even building a first class recording studio there. Most of all, **Pete Best** brought his drumsticks out of retirement and his band went on to become known throughout the world. They were a 'cover' band, they concentrated on oldies, had an energetic, fun-filled attitude, and so good at it that everyone who saw them knew **Pete Best** was indeed a good drummer. But as time went on they started including many of their own songs, mostly **Pete's**, and evolved into a world class, professional entity with a sound and identity all their own. **The Pete Best Band** was no longer just an upper-echelon bar band, they were artists. And when you hear **Haymans Green** you will hear how clear, exquisite, and poetically they speak. For all music fans, **Haymans Green** is a must for your collection.

**Dr. Octavius Dankcellar**, a writer, social commentator, mad scientist, and cohort of **Vladimir Zsoerbin**, has just announced that he will soon be releasing a biography of George Bush through Stupidity Press. It is to be called "George Bush: That Dirty, No Good, Rotten, Wretched, Lousy, Nasty, Filthy, Slimy, Creepy Little Bastard!" When we asked why he was encouraged to write such a controversial book Dr. Dankcellar responded, "*That demented dolt is a scabrous imbecile, an obnoxious halfwit, a mindless moron, a despicable dimwit, an insidious, brainless bastard! I Hate Him, I Hate His GUTS!*" Voyager will announce the release date when it is available.

## **Boy Phred guilty of false imprisonment**

By NANCY ZUCKERBROD (Associated Press Writer)

From Associated Press

December 10, 2009 10:52 AM EST

LONDON - Boy Phred, phlamboyant phormer phront-man of Culture Whacks & the Talentless Hacks, was convicted Friday of phalsely imprisoning a male escort.

Norwegian escort Audun Carlsen had alleged he was handcuffed to a wall hook at the singer's homo love-nest on April 28, 2009. Prosecutors said Carlsen was held by the singer (and his penile erectii), whose real name is allegedly Freddy 'the Fagass' Wheeler, for several hours.

Carlsen, 29, said Boy Phred swung a metal chain at him when he got loose and phled the apartment following a naked photo shoot as promotion for Boy Phred's new philm, "I Love To Suck Large Wee-Wee".

Phreddy, who is 52, admitted he restrained Carlsen with handcuffs and edible underwear while trying to figure out if Carlsen had tampered with a sex toy. The terribly untalented singer/phaggot said he believed Carlsen had previously removed photos of himself that were taken by the singer while basturmating.

Jurors were shown photos of welts and cum stains on Carlsen's head, and injuries to his arm, which the escort said had been inphlicted by Boy Phred while phirmly gripping his manhood. The miserable phaggot denied he was responsible.

The abominable singer phrom the '80s and professor of Phagology at the University of Oklahomo was released on bail phollowing the verdict. He is scheduled to be sentenced Jan. 16. Phalse imprisonment carries a maximum sentence of life in a non-phag prison. Such a severe sentence is not expected in this case, though the judge warned Boy Phred that crying and screaming, "Poor little me!" won't prevent jail time.

This was not Boy Phred's first brush with the law.

Two years ago, Phreddy was ordered to do community service in New York - sweeping streets and sucking rogue penii in dark alleys - after pleading guilty to phalsely reporting a savage dickbite at his lower Manhattan apartment. The officers who responded found cocaine instead, as well as contraband anal toys.

Two of the Talentless Hacks best known hit songs are "Karma Phagmeleon" and "Do You Really Want to Hurt Me, Phag?" During the peak of his musically incorrigible career, Boy Phred was known for his horrid voice, embarrassing lack of talent, totally forgettable songs, carefully applied female-style makeup, signature hats, and multi-colored buttplugs. A recent poll showed that 98% of the public would not miss Boy Phred if he disappeared off the face of the planet.

Well! Now that we got THAT out of the way!...

The **Voyager** staff wishes everyone a great new year ahead and keep on truckin'!
